## ECLECTIC ELECTRICS : PETRO VOURIS / JO 19 / LINDSAY VICKERY

**MARCH 15 2004**

Petro Vouris provides electro improvisation bridging the gap between analogue electronica and new gadget experimentation.

Saxophone and electronics virtuoso Lindsay Vickery performs works by Jacob ter Veldhuis, Rob Davidson and himself featuring blistering saxophone performance with electronic interference.

Jo 19 will get everyone moving to the beats with his particular style of turntablism that he has been touting as an experimental DJ around the traps in Perth for over 10 years.
